EQUINE HEALTH REQUIREMENTS & BIOSECURITY

Wesley Clover Parks endeavours to provide a healthy environment for all participants both human and equine. Through biosecurity proven good practices such as proof of vaccination for entry, our Healthy Horses Only Policy, an Equine Health Attestation, regular stall disinfection, manure removal, the ability to isolate sick horses, access to veterinary care and hospitalization; Wesley Clover Parks has a venue specific plan in place in the event of illness. The following are our requirements in addition to the EC rule for vaccines already in place.

- 1. Proof of Vaccines:** Proof of vaccines must be emailed to stabling@wesleycloverparks.com indicating the horse's **show name** and date of administration of EHV 1 & 4 and Equine Influenza as per Article A519 (see following page for more details). Competitors failing to meet this requirement will be asked to leave the showgrounds or not permitted entry.
- 2. Coggins Test:** Required for all horses on-site and must be available upon request at show management's discretion.
- 3. Equine Health Attestation:** As part of Wesley Clover Parks' Healthy Horses Only Policy, each owner and/or trainer by making an entry attests that their competing horse(s) to the best of the owner/trainer's knowledge have been in good health with a resting body temperature below 38.6°C, have shown no signs of undiagnosed respiratory illness nor infectious disease; and that they have not been in contact with any other horses (away or at their home facility) exhibiting symptoms or signs of respiratory illness or infectious disease within the last 21 days.

They also agree to continue to monitor their horse's temperature upon arrival and twice daily while on site.

Further, all agree to share knowledge of any stabled horses who exhibit symptoms of infectious disease or have had contact with any other horses who exhibit such symptoms, and agree to immediately inform the Organizer by email at entries@wesleycloverparks.com and inform Tournament Manager Tracy Howard at (613)-298-3854.

4. Complete contact information and contact tracing

SITE ENTRY & BIOSECURITY: Overnight security will be on-site, braiders are asked to report in with overnight patrol. In addition to rule A519 Vaccinations, biosecurity measures are in place for horses. It is the braider's responsibility to ensure safe practices are followed if visiting multiple barns. All grooms, trainers and competitors are also responsible to follow safe practices if visiting more than one barn and are expected to limit their traffic footprint to their own stable area. The stabling area is closed to spectators.

EC ACCIDENTS & RETURN TO PLAY RULE

Equestrian Canada's concussion related Accidents & Return-to-Play Rule came into effect Jan. 1/2017 for all EC sanctioned competitions in Canada. The full rule can be found in the EC Rules, Section A, General Regulations, Article 101. Key components of the rule include the following:

- In the event of a fall/accident where a concussion can be reasonably suspected, the competitors must receive medical clearance by qualified medical personnel on-site before continuing to compete.
- The competitor is solely responsible for ensuring the on-site medical assessment takes place. Should a competitor refuse to be evaluated, they will be disqualified from the competition.
- If on-site qualified medical personnel suspect a concussion or believe the competitor may be at risk of concussion due to the nature of the fall or impact, the competitor will be suspended from competition and placed on a Medical Suspension List until medically released.
- Competitors will remain on the EC Medical Suspension List until they submit an EC Return-to-Play Form, signed by a licensed physician, to EC.
- No competitor shall compete at EC sanctioned competitions while on the EC Medical Suspension List and competition organizers may refuse entry to anyone currently on the list.
